EDUCATION

Drexel University
Master of Science in Artificial Intelligence and Machine Learning

Philadelphia, PA
(Expected Graduation: Jun 2028)

Rochester Institute of Technology
Bachelor of Science in Computing and Information Technologies
(Minor: Software Engineering)

Rochester, NY
(Graduated: May 2026)
GPA: 3.41

SKILLS

- **Programming Languages:** Python / Java / TypeScript / JavaScript / C# / Dart / HTML / CSS
- **Frameworks / Libraries:** React / Node.js / Flutter / BLoC / Flask / FastAPI / Spring Boot / Angular / ASP.NET MVC
- **Cloud / DevOps:** Azure / Bicep / Docker / GitLab Pipelines / Git / Bash
- **Architecture / APIs:** REST API / JSON / Design Patterns / Object-Oriented Design
- **Databases / Data / Testing:** SQL / Oracle / ODBC/JDBC / NumPy / JUnit / Pytest

EXPERIENCE

Camp Seneca Lake
Counselor to Operations and Logistics Manager / Pool Director

Penn Yan, NY
(Jun 2021 – Present)

- Built React and TypeScript weekly scheduler for 30 bunks, replacing an estimated 50-hour spreadsheet process, now used camp-wide
- Built React and TypeScript on-duty scheduler using constrained-search algorithm to generate fair staff rosters
- Supervised 20–25 staff each summer as Unit Head, achieving camp-leading camper satisfaction scores in 2023 and 2024

Discovery Machine, Inc.
Software Engineer Intern

Williamsport, PA
(Aug 2024 – Dec 2024)

- Coded majority of cross-platform USAF application in Flutter and Dart from design mockups, with work later deployed
- Connected Flutter widgets to backend via RESTful API integration and Dart BLoC data streams, enabling UI-backend communication
- Built interactive map from company-provided custom tiles, letting users train by setting waypoints, creating routes, and drawing shapes
- Revised Flutter and Dart implementation based on mentor feedback to match team's design vision

Chameleon Consulting Group LLC
Software Engineer Intern

Herndon, VA
(Aug 2023 – Dec 2023)

- Wrote software automating virtual machine spin-up in Docker containers, independently owning the full project
- Modified existing Flask API to implement customer-requested changes on quick-turn project requests
- Wrote Bash scripts to set up and automate deployments across multiple team projects
- Created GitLab pipelines automating builds and tests with guidance from full-time engineers
- Delivered formal end-of-internship presentation on VM automation project to the entire company

PROJECTS

NHL Draft Lottery Simulator
Personal Project, Developer

Philadelphia, PA
(Apr 2026 – Present)

- Built React and TypeScript web application implementing full NHL lottery rules, animated ping-pong ball draws, and round-one mock draft
- Integrated live NHL standings refreshed one to two times daily to generate current reverse-standings draft order
- Updated simulator for 2027 draft, adding round 2 support, locked draft order, and rankings of 80 prospects
- Designed new user interface for simulator, live at nhlmock.joshbcohn.com

Beehive Monitoring System, Rochester Institute of Technology
Lead Frontend Developer, Senior Capstone Team of 6

Rochester, NY
(Completed: May 2026)

- Led frontend design in React, TypeScript, and Vite for dashboard showing hive temperature, humidity, and CO2 every 10 minutes
- Developed 18 of 34 React and TypeScript frontend components and pages, creating 12 including inspection and observation dialogs
- Standardized frontend components across parallel development tracks to keep teammates' work consistent
- Connected frontend to REST API serving sensor data from hardware on a real beehive

RELEVANT COURSEWORK

- Software Design Principles and Patterns / Engineering of Software Subsystems / Software Process and Project Management
- Human-Centered Requirements and Design / Database Application Development / Client Programming / Server Programming
- AI for Programmers / Introduction to Artificial Intelligence (in progress) / Introduction to Machine Learning (in progress)

AWARDS

- **Cum Laude**, Rochester Institute of Technology, (May 2026) / **Dean's List**, Rochester Institute of Technology, (5 Semesters)
